

In & Out Dormitory

Ahmedabad · Operated by Shubham Panchal

● Live operations · data as of 10 Jun 2026

Operations Review

FY 2025-26

From a quiet handover to a 156-bed, ₹68 L/year running machine — how the dorm grew, what was rebuilt, the biggest challenge, and where it's headed next.

₹68.26L

In & Out Dorm · FY25-26 Review

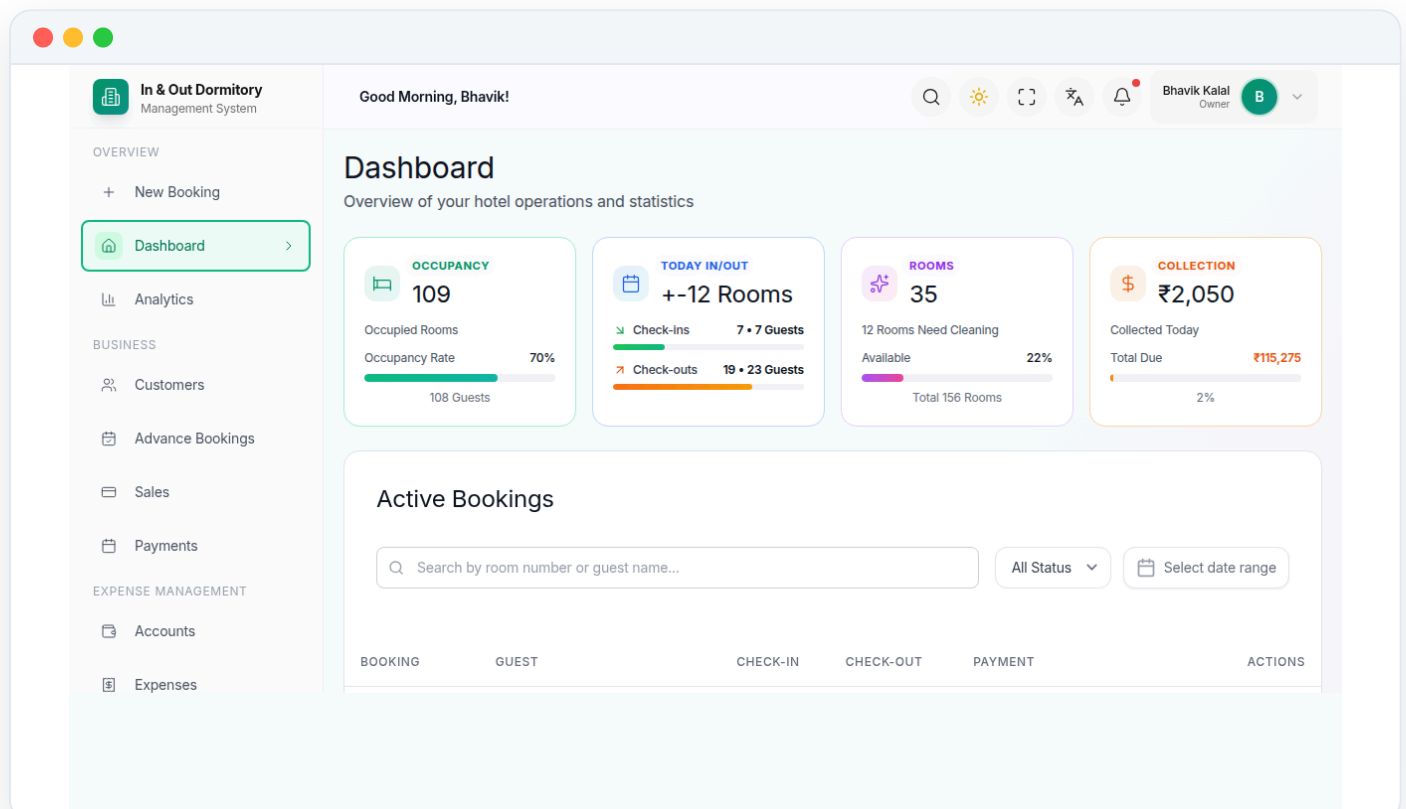

4

The whole dorm runs on one dashboard

Cloud PMS — live occupancy, automated check-in/out, payments, dues & analytics in real time.
No registers, no guesswork.

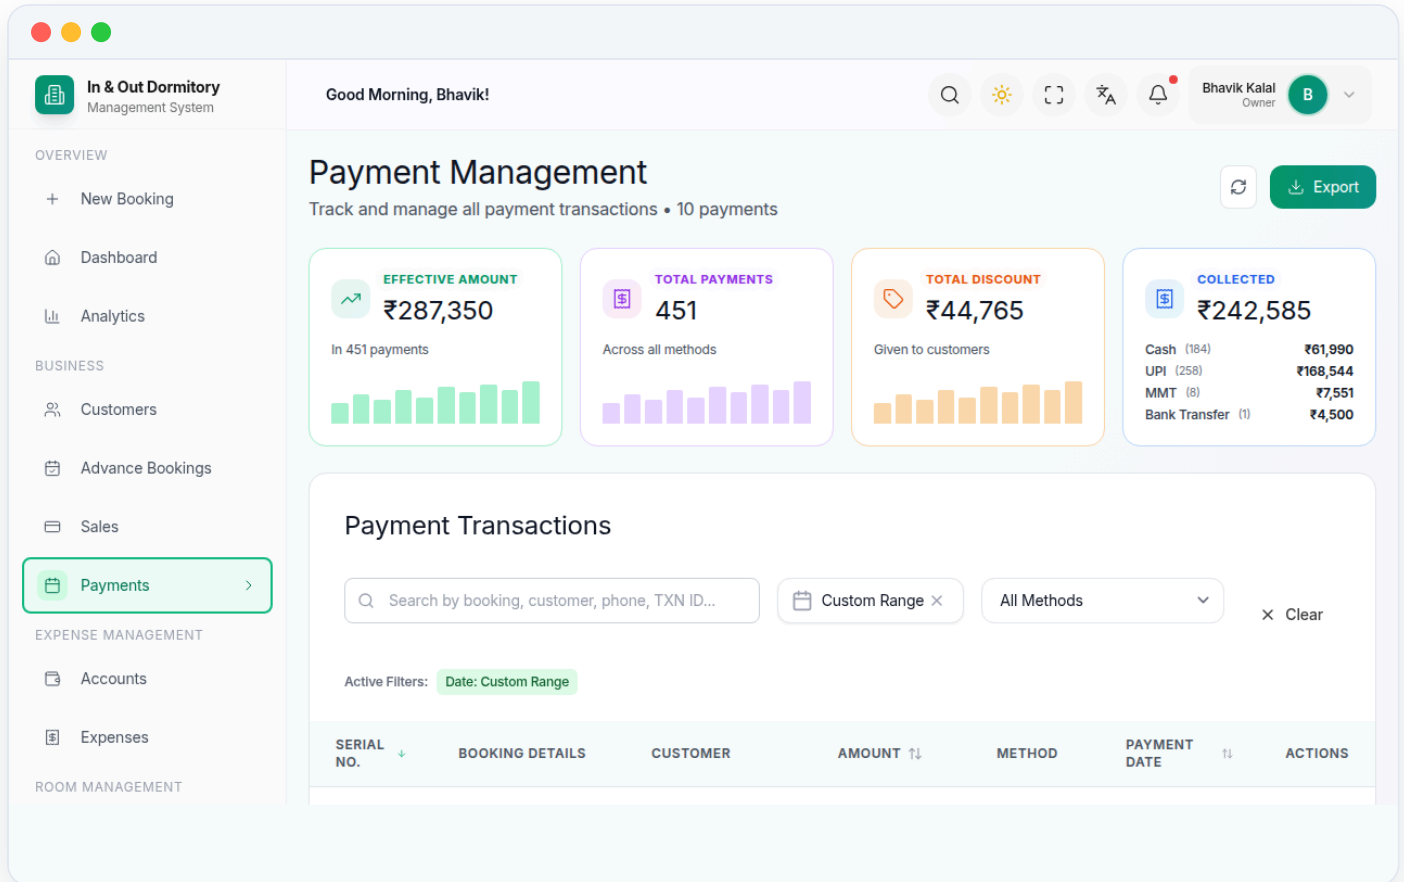

Analytics — revenue, demographics & trends

Live dashboard — occupancy, check-ins & collections

Every rupee, tracked

Payments by method (UPI / Cash / OTA), discounts and dues — all reconciled automatically inside the system.

Payments — UPI / Cash / OTA, fully tracked

WHAT THE SOFTWARE DOES

- ✓ Live occupancy & bed availability at a glance
- ✓ Automated check-in / check-out & ID capture
- ✓ Payments, discounts & dues auto-reconciled
- ✓ Guest demographics & revenue analytics built in

Rebuilt the team — twice — for spotless turnover

Housekeeping was overhauled not once but twice, until quality & reliability were locked in. With floating staff and daily SOPs, all 156 beds turn over cleanly every single day.

2x

Housekeeping team rebuilt — twice — until it was right.

156 beds turned daily

Floating staff

Daily SOPs & checks

- ✓ Team fully changed 2x until standards held
- ✓ Floating staff to cover peaks & gaps
- ✓ Daily cleaning SOPs & supervisor checks

On-ground & digital — the real material

Cards & posters pasted across the city, 10,000 pamphlets dropped as newspaper inserts, plus sharply targeted Google Ads.

Discoverable & bookable, 24x7

Listed on travel platforms so guests find & book online — well beyond walk-ins. MakeMyTrip already shows up as a live, paying booking channel in the system.

LISTED & DISCOVERABLE ONLINE

MakeMyTrip

& other major travel platforms

Online discovery

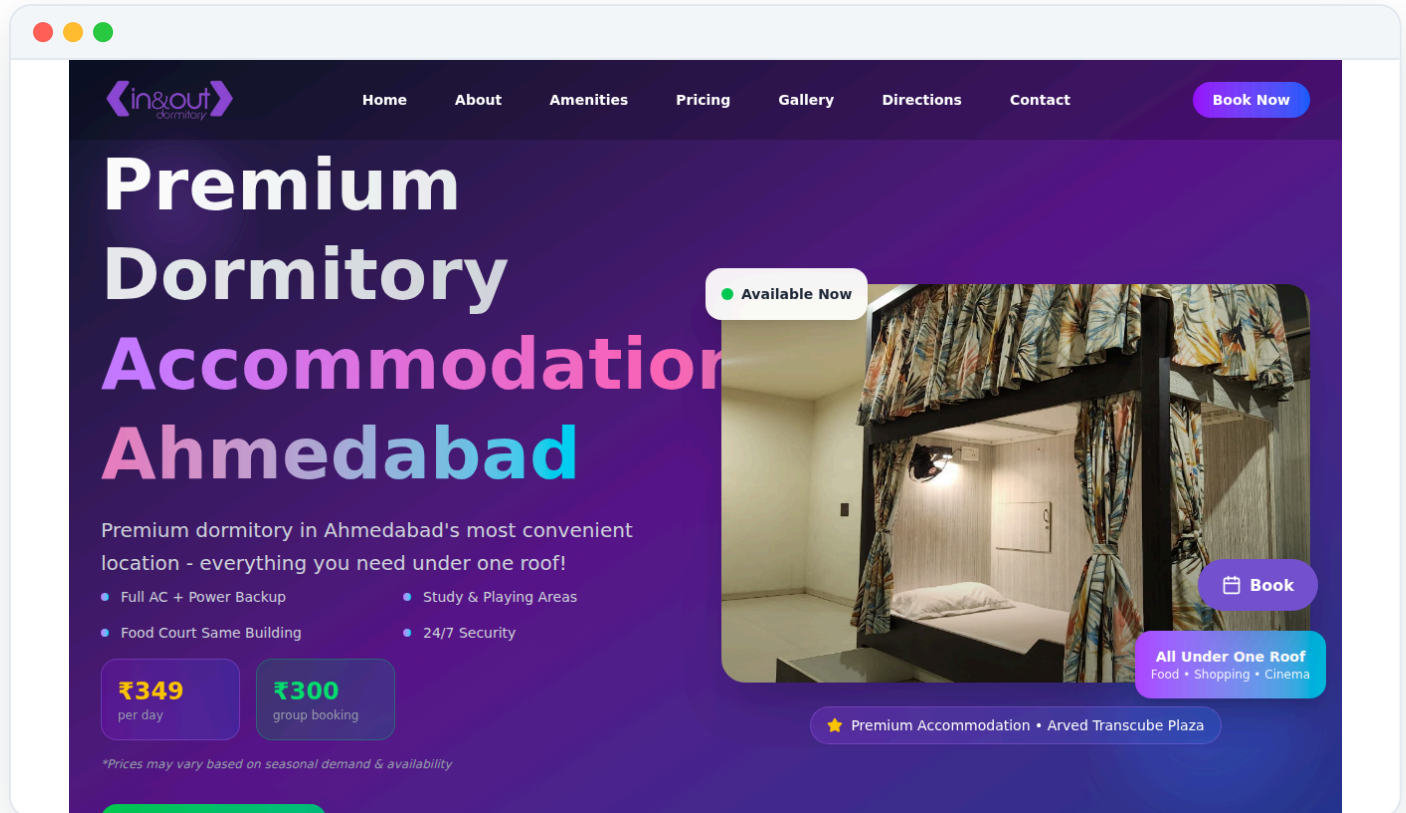

24x7 bookings

Beyond walk-ins

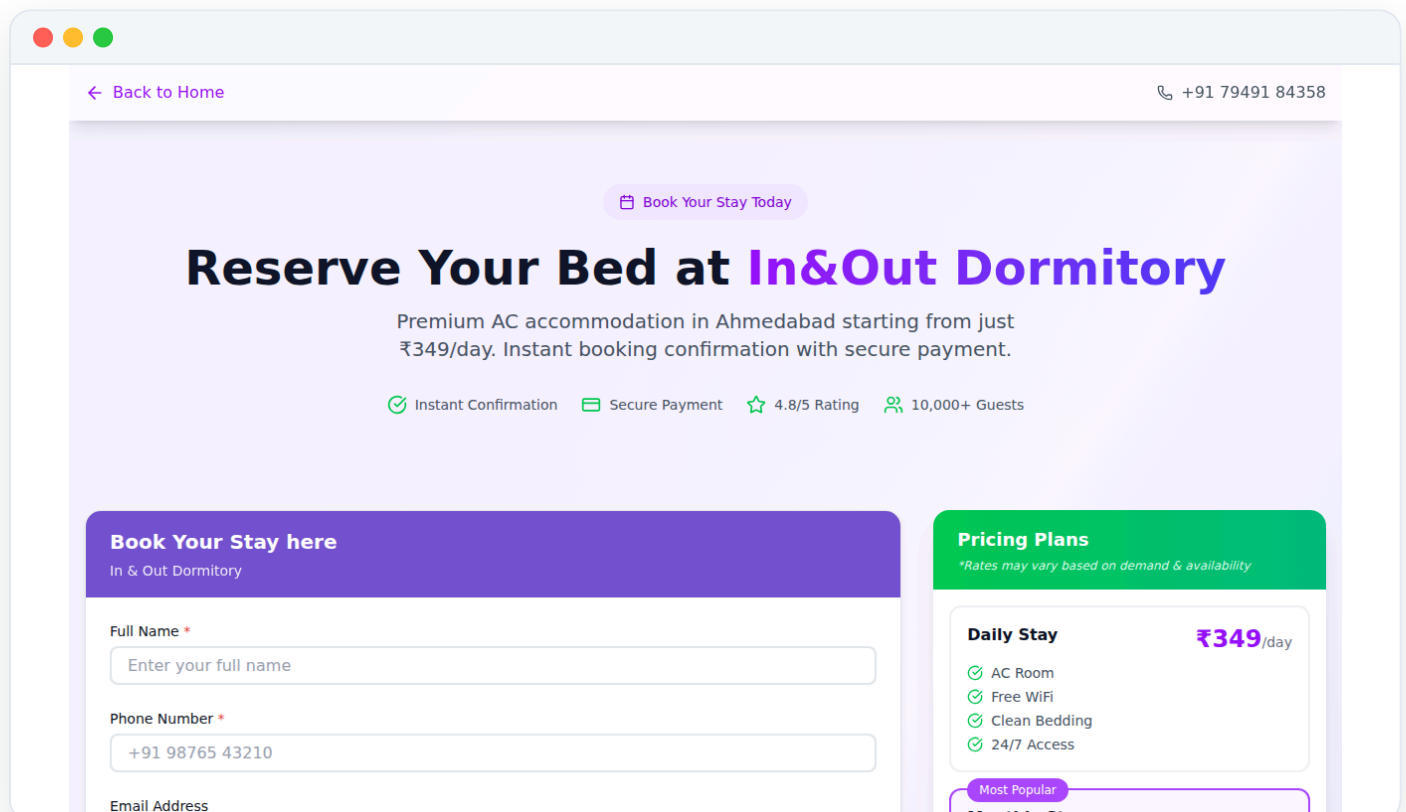

- ✓ **MakeMyTrip — confirmed live OTA channel**
- ✓ **Online discovery beyond walk-ins**
- ✓ **OTA bookings flow straight into the PMS**

A booking website that pays no commission

A direct-booking site with instant confirmation and secure payment — commission-free bookings flow straight in.

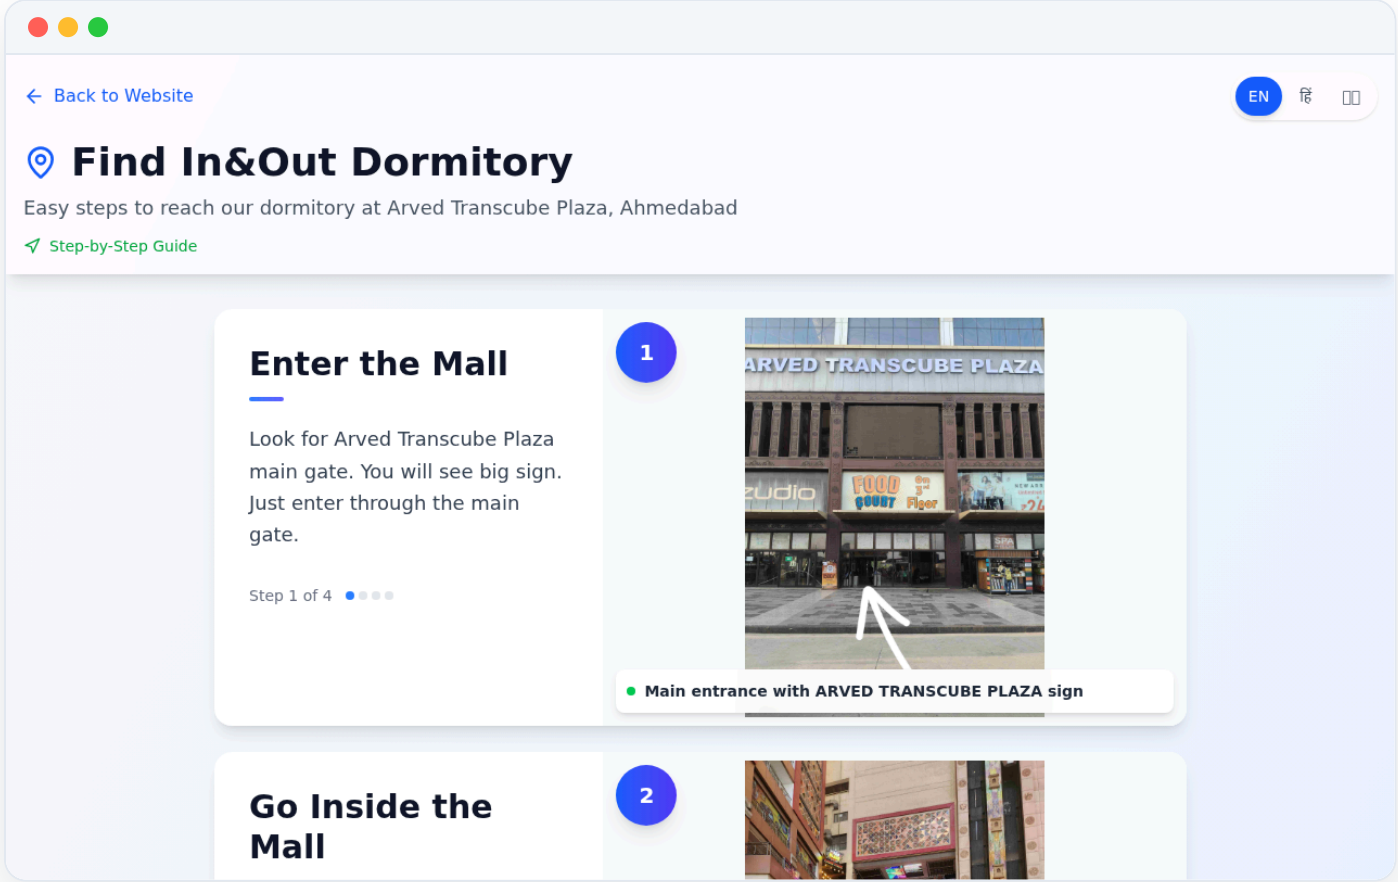

Homepage — premium dorm, all amenities

Online booking — instant & commission-free

Even a navigation guide to the door

First-time guests get a step-by-step, in-mall navigation guide — exactly where to turn after entering Arved Transcube Plaza.

In-mall navigation guide for guests

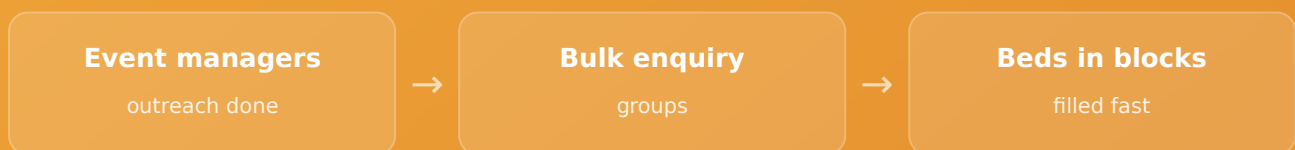

WHY THE WEBSITE MATTERS

- ✓ **Commission-free direct bookings (no OTA cut)**
- ✓ **Instant confirmation & secure online payment**
- ✓ **Navigation guide cuts guest confusion & calls**

A bulk-booking channel in the making

Multiple event managers and organisers have been approached to open a group-booking pipeline — filling beds in blocks and smoothing out demand. The outreach is done; the channel is being built.

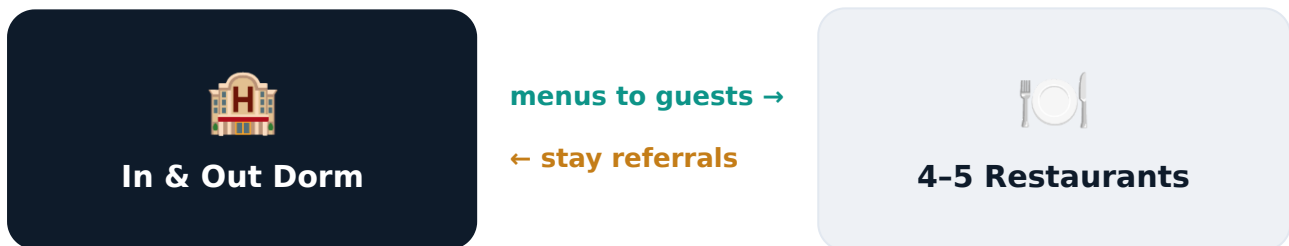

GROUP-BOOKING PIPELINE

- ✓ Outreach to multiple event managers
- ✓ Aimed at bulk / block bookings
- ✓ Smooths occupancy across the week

A two-way referral loop with neighbours

A simple but smart cross-referral tie-up with 4-5 nearby restaurants: they keep our pamphlets and send anyone who needs a stay to us — and we share their menus with guests asking about food.

A local pipeline that quietly feeds bookings both ways.

- ✓ 4-5 nearby restaurant partners
- ✓ They forward stay-seekers to the dorm
- ✓ We hand their menus to hungry guests

Bedbugs — the one fight still on

Being completely open: bedbugs are currently the single biggest blocker to growth. It has not been for lack of effort — here is everything thrown at it since 2024.

EVERY APPROACH TRIED

2024

Bedbugs surface

The issue first appears in the dorm.

VENDOR SEARCH

4-5 vendors evaluated

Compared chemicals, methods & results before choosing.

2025 · PRO TREATMENT

Vendor + full deep-clean

Beds out, mattresses sun-dried, curtains washed → ~2 mo relief, then recurrence.

CONTINUOUS

Weekly 7-day cycle

Kept vendor (Midas) on a recurring schedule — limited lasting effect.

COST-SAVING

In-house treatment

Own pump & chemicals; housekeeping treats directly.

R&D

Powder · silicone · heat-gun

Tried bedbug-specific powder, silicone and a heat gun.

FEB 2026

15-day shutdown + deep-clean

Closed 15 days, repeated the full deep-clean — colony had multiplied too far.

HONEST STATUS

Still unresolved — the colony has multiplied despite everything. A proper, permanent solution is now the #1 priority.

2 full shutdowns

7+ methods tried

Vendor & in-house

Shown openly because solving this is the single fastest lever for occupancy, reviews & growth — and it likely needs a **property-level intervention** (professional fumigation / structural treatment), not just surface spraying.

ONCE SOLVED, THIS UNLOCKS

₹8L / month

realistic revenue ceiling

Reviews & ratings

recover & climb

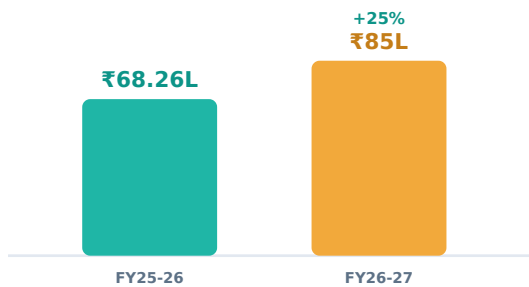

Higher occupancy

especially weekdays

The growth plan

Already running at ~₹6.5L / month. Two clear levers take the dorm to ₹85L a year — and ₹8L / month is realistic the moment bedbugs are solved.

INCOME TARGET

■ FY25-26 ₹68.26L ■ FY26-27 target ₹85L

₹8L / month

realistic ceiling once bedbugs are fixed

LEVER 1 · THE UNLOCK

Solve bedbugs, permanently

A property-level intervention (professional fumigation / structural). Lifts occupancy, reviews & ratings — opens the path to ₹8L / month.

LEVER 2 · DEMAND ENGINE

Group bookings from our own database

Contact numbers for many institutes + the full phone data of every past guest. A messaging campaign to all of them, pushing group & bulk bookings.

SUPPORTING

More direct & bulk bookings

Group focus + direct bookings via inoutdorm.com & WhatsApp keep commissions low, occupancy high.
